## Volunteers Needed

Boyanup School is on the *look out* for volunteers who are interested in supporting our students at school. We will be teaming up with EdConnect who will support our school to recruit, train and support volunteers to provide life changing mentoring or learning support to students who may be disadvantaged or at-risk, providing them the opportunity for educational success and improved wellbeing.

There will be two different volunteering roles available:

1. **Mentoring** - A student is matched with a mentor and works one-on-one with the same student for 1 hour a week, outside the classroom. The key role as a mentor is developing a relationship with the student supporting them with academics or on their social and emotional wellbeing.
2. **Learning Support** - Volunteers work under the guidance of education staff. Some of the tasks may include assisting in the classroom, kitchen, garden projects, gardening and library. Learning support volunteers can also help with classroom projects and special events for the school.

Volunteers may have specific skills they like to share with their students, enriching the learning and support experience.

If you or you know of someone who may be interested, please contact me and we can organise through EdConnect, becoming a volunteer at our school.

## Long Weekend

Just a reminder that this coming weekend is a long weekend with students returning to school on **Tuesday 6th June**. I hope you all have the opportunity to spend some special family time together.

## Cyber Safety

Teaching your child to be cybersafe will help them to engage with the online world safely, responsibly, and discerningly and can assist to protect them from online risks.

Sometimes children are faced with online situations that they simply don't know how to handle. This means that schools have ongoing campaigns and programs to teach children and young people the knowledge and skills they need to prevent bullying and other inappropriate behaviours they see online, to intervene effectively when incidents occur, to celebrate diversity, and to promote friendship and positive social behaviours. Common cybersafety issues for children include cyberbullying, accessing or sharing inappropriate content and protecting their personal information.

Internet  
Safety

Parents are sometimes unsure of where to start when it comes to parental controls and what information they need to know about. The safety commissioner has an excellent website with easy to read information. The section for parents has a range of resources where you can learn about the digital environment that your child has access to and how to support your child to have safe and enjoyable online experiences.

Mr J. Grasso

Principal

In Week 4 our Year 3/4 class took to the high seas performing a fantastic rendition of the sea shanty The Wellerman. The students musical talents were on display as they entertained us with their singing and percussion and ukulele playing. The students continued to amaze us with some interesting facts on whales and past sailors.

## National Simultaneous Storytime 2023

On Wednesday 24<sup>th</sup> May our students took part in National Simultaneous Storytime.

This event is held annually by the Australian Library and Information Association (ALIA).

Every year a picture book, written and illustrated by an Australian author and illustrator is read simultaneously in libraries, schools, pre-schools and many other places around the country.

Now in its 23rd successful year the event aims to promote the value of reading and literacy.

Many thanks to Simone Pes from the Shire of Capel Library who visited our school to read this year's book '*The Speedy Sloth*'. After the story the children participated in several related activities.

The event was lots of fun and enjoyed by all who attended.

Mrs Angela Brimson  
Library Officer
